Why have Americans stopped fighting back against government/corporate policies that polls show they clearly oppose?

We've simply been so beaten down by decades of abuse at the hands of the corporatocracy that many of us no longer have the energy to fight back. We have lost confidence that genuine democracy is possible.

While other books will leave you wringing your hands about the state of the world, Levine offers fresh insight into the ways in which we can take back control of our lives.

With this book, Bruce Levine reinvents the old saw 'the personal is political' . . . *Get Up, Stand Up* is full of both hope and practical solutions.

—Anya Kamenetz, author of *DIY U* and *Generation Debt*

**American Sign Language (ASL) interpretation will be provided.**

The talk is free and open to the public. To RSVP or for more information, call or email the National Empowerment Center, 800-POWER2U (800-769-3728), [info4@power2u.org](mailto:info4@power2u.org)
